

Dear Margham Supporter,

We would like to thank you for your continued, generous support of what God is doing in His kingdom in India. As we in the U.S. are facing a time of uncertainty with the Coronavirus, we must not forget our brothers and sisters in Christ in India. In recent correspondence with both Sandayamma and Arun we are told of the situation, in their own words, as it unfolds in their respective locations.

**From Sandayamma at the Simon Children's Home:** We are fine. Due to coronavirus there is curfew and lock down. Just 2 hours is permitting in morning to purchase provisions and other needs like milk, fruits and curd. Children are inside building. We are supplying for the children masks, hand sanitizers. They study and do school work and we pray God to save us from the virus. We are doing fasting prayers. We are waiting for His will. Here all shops are closed. No trains and? Post offices. There are no banks. Everyone is suffering, mentally, physically, financially. The cases are increasing day by day. We think that you can understand our situation. The Lord our Heavenly Father must help us.

**From Arun at the Mom Anita Home:** The lockdown has made our lives miserable. The policemen are very hard on the people and the basic necessities are very costly and not easily available (e.g.: an egg which was Rs. 5 (\$0.06) is sold for 30(\$0.30)). We are purchasing these necessities not only for the children but people around us especially to the aged and widows. We have a list of them. We also buy soaps, sanitizers, and Vitamin C tab. Milk and eggs for children and babies who are undernourished. And fabrics for masks. etc. The women are sewing the face masks and freely distributing them. Many in our village are feared having contracted the virus. We Trust in HIM. May God protect us.

Serving Him,

Jene Carl
